Dear Jacob,

Re; Permission to collect native seeds from Townsville City Council controlled land for the purpose of propagation and revegetation.

This letter is to confirm that Townsville City Council agrees to give permission for the Coastal Dry Tropics Landcare Inc. (CDTLI) to collect seeds for the purpose of local native plants propagation and revegetation from Townsville City Council controlled land/parks/reserves.

Correct equipment, care and consideration to the health of the plants/trees and the surrounding vegetation must be taken into consideration when collecting seed from TCC controlled land.

Townsville City Council does not take responsibility of any harm or injuries that may result from seed collecting activities that members of CDTLI undertake in Townsville City Council land. Please provide Townsville City Council with your current Legal Liability Insurance to cover this activity.

We also recommend that you apply for a permit in relation to this activity from the Department of Environment and Heritage Protection as prescribed under the Nature Conservation Act 1992.

Yours sincerely

A handwritten signature in blue ink, appearing to read "H. Manski".
